UPDATE YOUR COMPANY'S PROFILE

It is SO important for you to update your company information as this info is the only way buyers can find your company in the online Vendor Directory, as well as when they search through the Show Planner listings. Be as thorough as possible for best results!

From your **Exhibitor Dashboard** page, update as much of the information below that is available to you depending on your package level:

1. Add your company photos:

- Click on the 3 dots on the top right of the cover photo and click on Add Photo, Add Cover Photo and Add Featured Photo

The screenshot shows the Exhibitor Dashboard for a user named REMIX170. At the top, there is a cover photo area with a profile picture on the left and a 'Schedule Meeting' button on the right. A green arrow points to a three-dot menu icon in the top right corner of the cover photo. Below the cover photo is a row of five cards: 'Press Releases' (10 more listings to add), 'Products' (10 more listings to add), 'Show Specials' (10 more listings to add), 'Videos' (2 more videos to add), and 'Scheduled Meetings' (15 more meetings to add). Below the dashboard, three green boxes provide instructions: 'PHOTO: Add your company logo', 'COVER PHOTO: Add a lifestyle or product image', and 'FEATURED PHOTO: Add a product photo or logo'. A yellow arrow points from the 'PHOTO' box to the profile picture, another yellow arrow points from the 'COVER PHOTO' box to the cover photo area, and a third yellow arrow points from the 'FEATURED PHOTO' box to a 'RECOMMENDED VENDORS' card showing a product image and '7 Carats'.

PRO TIP: Images not aligning correctly after you upload? Try uploading again, and zooming out & centering the image on the preview screen before clicking **Save**.
